SRS Membership Database Policy

Dear Members,

As you will be aware, in May 2018 new GDPR have come into force.

Your privacy is important to us, and we will keep your details secure and not use them inappropriately.

At SRS we will collect and store personal information of our current members on our Membership Database only in so far as is necessary to facilitate internal communications and administration. If notified, we will delete these details permanently upon cessation of full choir membership. Should you wish to continue to receive information on SRS (e.g. concerts and events), please advise the Secretary accordingly.

We are occasionally asked to forward information on Come & Sing events, or concerts by other choirs in our local area. Please indicate on the form whether you are happy to receive such information via email from our Secretary or other members of SRS. We will not disclose your personal details/ email to other parties in this process.

By providing the following information you agree to these personal details being held on SRS' membership data base. Choir members must agree to provide sufficient information to be contactable for the purpose of choir business (internal communications, music hire etc.).

Please print in BLOCK CAPITALS and delete as necessary. * required information
